Fenelon Falls Rink Wins Skyline Spiel

A rink skipped by Gerry Palmer of Fenelon Falls won the Sixth Annual Skyline Bonspiel held at the Haliburton Curling Rink over the week-end. The winning Palmer rink went through the entire spiel without suffering a loss.

The Bonspiel, which started on Friday afternoon at 4 p.m., ended on Sunday evening at 7:30 p.m. Thirty-two rinks from all parts of Ontario competed and many rinks had to be turned away.

Many curlers tell us that this was one of the most successful Skyline Bonspiels ever held and the Bonspiel Buffet and Party held at Bonnie View Inn was a big hit with the 150 who attended.

The great success of this event once again was due to the hard working committees, our ice maker and the general hospitality shown to our visitors by club members and by the residents of Haliburton and vicinity. Most of the rinks said that they will be back next year.

It was gratifying to note that three of the Haliburton rinks entered in the spiel were in the prize money.

Our congratulations to Gerry Palmer and his rink from Fenelon Falls on winning the Bonspiel. Brandt Phillips was his vice, Joe Gamsby second, and Bob McKendrick lead.

The prize winners were as follows:

First Event (Adams - Labatt Trophy): 1. G. Palmer, Fenelon Falls; 2. F. Thompson, Oshawa; 3. D. Johnston, Haliburton; 4. R. Neville, Haliburton.

Second Event (L. Moore 'Esso' Trophy): 1. I. Parkinson, Port Perry; 2. R. Cornish, Port Perry; 3. E. Drew, Scarborough; 4. R. Scott, Haliburton.

Third Event (Curry Motors Trophy): 1. G. Farrow, Oshawa; 2. L. Consky, Toronto; 3. G. Watson, Apsley; 4. C. Czerwinski, Bancroft.

Letter To Editor

January 16th, 1965.

Dear Mr. Editor:

You will be pleased to know that it is the intention of the Department of Transport of Ontario to have an examiner available at Haliburton twice a month to conduct Driver Tests.

Since the Department provides a service to the public and indications are that in future a large percentage of new tests will be given to students of the County Secondary School at Haliburton, the Department is pleased to extend their service to this centre.

A representative of the Department will be visiting Haliburton shortly to locate suitable premises.

Yours very truly,
R. GLEN HODGSON, M.P.P.

Man's Fines Total \$400

LINDSAY (ENS) — Fines totalling \$400 were assessed against Edgar Stamp, 45, of Sunnyside St., Haliburton, who was convicted of impaired driving and driving while under suspension.

The court was told last Thursday that Stamp was convicted in 1963 of impaired driving and driving while his licence was under suspension.

Magistrate Ian Munro imposed a \$200 fine or three months in jail on the impaired driving charge, and \$200 or six months on the second charge. He ordered the accused's car impounded for three months, and said Stamp would be prohibited from driving anywhere in Canada for two years.

Stamp, who paid \$160 of the fine, was given two weeks to pay the balance.

Const. Gus Saunders of Lindsay OPP said Stamp was stopped while driving on Highway 35 near Cameron Dec. 19. He said the accused was talkative, smelled strongly of alcohol and had bloodshot eyes. He said Stamp admitted drinking three glasses of wine prior to his arrest.

J. Earl Hewitt Re Elected As President Of Minden Red Cross

The Minden Red Cross Society held their annual meeting on Friday, January 15th in the Anglican Church Parish Hall. Close to 40 people attended.

James Hall, Co-ordinator of the Emergency Measures Organization for the combined counties of Victoria and Haliburton, gave a very interesting address on the programme the Federal and Provincial Cabinets have outlined to bring this Organization in line with plans for any major disaster that might occur whether National or through Atomic warfare. His reference to the progress that has already been made was of considerable interest to all present, so much so that he has already been asked to address two other organizations in the Haliburton County area in the near future.

A number of reports were given on the 1964 operation and it would be amiss if we did not bring to you, our readers, just what amount of work the executive and committees have to deal with to make this, your Red Cross Outpost Hospital, a success which all adds to its continued operation.

Used Shotgun Like Club, Man Fined In Bancroft

BANCROFT (Staff) — Joe Bothwell, Bowmanville, was fined \$10, with costs of \$159.10, in Magistrate's Court last Wednesday for assaulting Bruce Cathcart, Ottawa.

Magistrate R. C. Jackson of Madoc was told that on the night of Nov. 6, Bothwell was in a Maynooth beverage room and became involved in an argument with a man he did not know. Someone suggested they go outside and settle the argument.

The two men fought outside and Bothwell was left on the ground. Bothwell then got up and a few minutes later approached several young men and threatened them with a knife. He waved the knife in front of them and one youth suffered a couple of scratches on his neck.

EYES GOUGED

Bothwell said that in the fight with the other man his eyes were gouged and he did not remember having a knife later. He said that if he had a knife it must have been a small pocket knife.

After Bothwell accused the other men of having taken part in the fight, he left and went to a friend's car and got a shotgun. He returned to the hotel yard with the gun. Someone yelled, "He's got a gun" and the youths at the scene ran.

Cathcart said he arrived at the scene to see a man coming at him with the gun and accusing him of having been the one that fought him.

"He kept coming and I ran to my car, got out my rifle, and said that he was not the only one with a gun," Cathcart said in court.

Cathcart said the other man was using the shotgun like a club and swung at him. The weapon hit Cathcart's rifle, fired and Cathcart was hit a glancing blow from the side of the shotgun. Both men fell to the ground and were cut by broken bottles on the ground.

TAKEN TO HOSPITAL

Bothwell was taken to hospital for treatment.

Cathcart said that because it was dark at the time of the fight, he could not identify Bothwell as the man who came at him with the shotgun.

Bothwell had no previous record.

Cecil Woodcock, Bancroft, was fined \$100 and costs after pleading guilty to impaired driving Nov. 20.

Police stopped Woodcock after seeing him driving in an erratic manner. They found he had a smell of alcohol on his breath, staggered, and showed other signs of impairment.

Victor Bowers, Bancroft, pleaded guilty to buying beer for a person under 21 and was fined \$50 and costs. Evidence was that on Dec. 19, Bowers was asked by a 16-year-old youth to buy him some beer and Bowers did so.

The youth, Wayne B. Young, R.R. 2, Bancroft, pleaded guilty to obtaining liquor while underage and was fined \$35 and costs.

Bancroft Area Dog Owner Cleared Of Two Charges

BANCROFT (Staff) — Charges against Ralph Williams, R.R. 1, Bancroft, of failing to supply suitable shelter and adequate care to dogs at his farm in Dungan Township were dismissed by Magistrate R. C. Jackson of Madoc last Wednesday.

There was lengthy and conflicting evidence concerning "Tippy", a female black and white collie and her four puppies.

M. P. Robertson, Toronto, said that on Oct. 20 when he was a chief inspector for the Ontario Humane Society, he visited the Williams farm about five miles east of Bancroft.

HEAD SORE

He saw the female collie and her puppies which were about five weeks old. The mother had an infected head sore and both eyes were closed. One of the puppies has its eyes closed and had grey matter on the eyes.

He said he saw the puppies come out of an 8 by 10 ft. building filled with wood and cardboard. The building smelled of animal urine. Excretion and food were also on the floor. "There was no place for the dogs to lie down and sleep in the building," he said.

Mr. Robertson said Williams stated at the scene that the dogs slept in the basement of the farm home at night. Mr. Robertson examined the basement but saw no evidence that dogs might have been kept there.

NOTIFIED POLICE

He notified Ontario Provincial Police and asked that the dogs be taken to a veterinarian.

Dr. Robert Hinton, a Peterborough veterinarian, said he gave treatment to the dogs. The female collie had a large swollen head abscess and both eyes were almost closed. "It's coat was dry and flaky and she showed signs of malnutrition," he said.

After treatment, the dog's condition improved in about a week.

during which she gained five pounds. The four puppies also responded to treatment.

DOG BITTEN

Williams' wife said the female collie received the head injury while the dogs were being fed. One of the other dogs at the farm kennels bit the collie.

Mrs. Williams said she gave the collie medication and applied ointment and washed the wounds. The dogs were well supplied with food including a brand-name dog food and this was mixed for added nourishment goat's milk. "They have all they want to eat," she said.

Mrs. Williams said she has had years of experience with dogs and has shown them and won prizes at many Canadian and American dog shows. "I love the dogs and am proud of them," she said.

She said the dogs were regularly inspected by a veterinarian she hires.

The four puppies were returned with their mother to the farm and were sold to good homes.

WARM BASEMENT

Both Mr. and Mrs. Williams said in court that the dogs were kept in a warm, dry, heated basement at night.

Rene Sicker, employed part-time worker looking after the dogs at the farm, said he saw no situation at the premises as described by Mr. Robertson.

In dismissing the charge, the magistrate said there was no deliberate active mistreatment of the collie and her puppies. Although Mrs. Williams had treated the mother, the dog's condition was poor because of the sore and head infection and because at the time she was nursing the four puppies, he said.

A second charge of failing to supply suitable shelter and care to two female huskies was also dismissed.

PAY, AND FACE THE MUSIC

If I had it to do over again, I'd raise my family differently. I'd let the kids grow up in happy ignorance of the finer things of life.

That's exactly what most of my present family would have preferred anyway, but the Old Girl wasn't having any of it. And I, like all docile North American fathers, swallowed all that jazz about "personality fulfillment" and "developing natural talent" and "creative interests."

I've spent enough on music lessons, for example, for those kids to buy myself a brand new Cadillac, or pay off half the mortgage on my house.

This month, my son Hugh is giving two piano recitals before trying his music exam, the culmination of ten years of lessons.

It's just about the culmination of the old man's credit in these parts, too. All it involves is the rental of two halls, the printing of two sets of invitations and programs, and the purchase of new suits and dresses for the whole family.

Even at that, I could fight my way out of the morass of bills and face the future, shaken but game, if this were the end of the affair.

But I learned, in a short but devastating exchange with my wife, that it's only the beginning. "Well", I beamed, "at least it'll be nice not to have to pay for lessons next year, what with all the expense of sending him to college."

"Don't be silly!" she snapped. "Of course he's going to go on with his music next year. He's scarcely begun."

And I reeled out of the room, speechless. I could see the future: old dad pumping the treadmill for the next ten years in a welter of music lessons at \$13 a rattle and university fees at \$1500 a year. You see, just as Hugh gets out of college, his sister, who also takes piano lessons at the same tariff, will be ready to begin.

It isn't fair, somehow. In ten years I'll be a broken, beaten old man, ready for the bonnyard, just when I should be

entering those golden years you see in the insurance ads: trips to Europe, curling, golf, fishing.

And what will I get out of it all? Likely nothing but a gaggle of grandchildren, who will be dumped with us every time their parents want to go on a skiing vacation or a jaunt to Mexico.

In despair, I sought out an old friend who has been through it all with three sons and a daughter. Surely he'd have some words of comfort. He did.

"Smiley, old boy," he chortled, there's nothing to it. But you've forgotten a few items. First of all, your son gets married in third year college and you subsidize them and the baby, until he graduates. Then there's your daughter's wedding. Knowing your wife, I figure that will cost you one cool grand. Then your son, and your son-in-law, will take turns hitting you up for a couple of thousand for down payment on a house or furniture or a second car, or something.

"It's not that they're grasping," he went on, chuckling. "It's just that this is the way the system works nowadays. They'll be making good money, but they won't have any credit, and you have. So they'll use yours."

"But when do I start paying off my mortgage on the house and putting by for my old age?" I whimpered.

"Don't worry about that," he twinkled. "You can always refinance your mortgage at 18 per cent interest. And I wouldn't worry about your old age. By the time you've paid to have your grandchildren's teeth straightened and" (here he positively cackled) "paid for their first ten years of dancing and skating and music lessons, you won't have any old age left."

All I could do was quote from Hamlet, "For this relief much thanks," and go quietly off to check my insurance policies, and look for my wife's bottle of sleeping pills.

Youths Sentenced For Mine Breakin

LINDSAY (ENS) — Two Bancroft youth each received one-year suspended sentences last Wednesday for breaking, entry and theft from a defunct mine.

David Windsor, 18, and Henry Payette, 20, pleaded guilty to stealing a quantity of gasoline from a truck at the mine after forcing a window and entering a warehouse.

The court was told that the warehouse contained several thousand dollars worth of equipment which was being stored while the mine machinery was being dismantled.

Magistrate Ian Munro told the pair that the fact that they were receiving suspended sentence should not be taken as an indication that the court was being "soft". He said he believes giving first offenders a chance.

He stressed that although the value of the goods stolen was not great . . . "You must learn that you can not take what does not belong to you."

He said the youths had brought disgrace on their families as well as themselves and added: "By this escapade you were trifling with your liberty."

He ordered the pair to be of good behaviour for the period of their sentence; keep the peace for one year; report to a probation officer once a month; and not to associate with each other.

Counties EMO Objects To Truck Specifications

LINDSAY (ENS) — The Victoria - Haliburton Emergency Measures Committee last Wednesday registered an official objection to new government specifications for emergency vehicles.

The committee, at its last meeting was informed by James Hall, co-ordinator, that the headquarters in Toronto changed its specifications for emergency trucks.

Mr. Hall has been investigating the various kinds of rescue trucks available with a view of obtaining one for the county this year.

The truck that had been decided on by Mr. Hall was one similar to Peterborough's — a large enclosed box vehicle in which equipment would be stored and, if necessary, men could live.

Mr. Hall told the meeting that the truck now specified by the government was similar to a hydro line truck with a small box and an open back.

HYDRO STYLE
EMO headquarters, he said had objected to the idea of rescue workers having to eat and sleep in the truck if necessary.

R. I. Moore, chairman, said the hydro-styled truck would be fine for large centres where rescue crews could find shelter elsewhere.

In Victoria and Haliburton, he said, the truck might have to go back into the bush away from any kind of shelter or food.

"We've got to be firm enough to say that this is what we want and need for our particular conditions" he said. "We know what kind of equipment we will need."

Mr. Hall said that at present the local EMO unit would receive no subsidy unless the type of truck complied with headquarters specifications.

He added that co-ordinators throughout the area were objecting to the specifications and would try to bring about a change.

He said he had been informed by Jack Lightbody, Lindsay Hydro Commission Manager, that trucks would be available for emergency use.

Mr. Hall said the hydro trucks are worth about \$8,000 but subsidy is only available on an amount up to \$7,500.

CHURCH NEWS

B.A.C. COMMUNION AND BREAKFAST

The following are the minutes of the Brotherhood of Anglican Churchmen's Communion and Breakfast held at St. George's Anglican Church on Sunday, January 17th with 20 members present.

Following the reading of the minutes from the previous meeting, Russell Woodcock very capably thanked the ladies for a very delicious breakfast.

President Don Thrush outlined some of the problems of getting speakers for our meetings and thanked Rev. Carder for his efforts in this regard.

We were pleased to welcome Peter Dean as a new member into our Brotherhood.

The new officers for 1965 were inducted into the Brotherhood.

Rev. Carder reminded the members of the Vestry meetings to be held at the different churches in the parish and of the Visitation on Sunday, January 24th.

Our guest speaker of the morning was Bob Leckie, who is in his second year of Theology at Wycliffe College. Bob, who spoke on his experience at a church at White Mouth, was one of the most interesting speakers we have ever had at the B.A.C. He told of the way in which God works in different situations.

The meeting closed with prayer.

ST. GEORGE'S JUNIOR W.A.

The January meeting of the Junior Branch of St. George's W.A. was held at the home of Mrs. Merrill Bailey on Monday night with 16 members present.

The meeting opened with a hymn, followed by prayer. The annual reports of Standing Committees for 1964 were read.

We received a card from our prayer partner, Rev. Don Peel, who is at present on sick leave in Toronto.

Members brought toys for stocking stuffers.

Rev. Carder reminded the members of the annual Vestry meeting to be held at St. George's Anglican Church this coming Monday night, and of the upcoming Visitation. Bible Study was conducted by Rev. Carder.

A discussion took place re the possibility of having someone to clean the nursery once a week. A discussion also took

place re the upcoming Bake Sale.

The meeting closed with prayer. A delicious lunch was served following the meeting.

CONGREGATIONAL MEETING

The annual congregational meeting of the South Wilberforce United Church was held January 13th, with Mr. McAllister as chairman. He opened the meeting with devotions.

The minutes of last year's meeting were then read by Mrs. Delbert Miller and approved. The treasurer's report was then read and adopted.

Mr. Miller's resignation, due to ill health, was reluctantly accepted, and his faithful and efficient service during past years recognized with gratitude.

A fine U.C.W. report was read by Mrs. A. Saunders. The report of the Session was then read by Mr. George Earle. The list of members of the various boards was read and an effort made to replace those removed or no longer active due to age, health, etc.

The meeting closed with the benediction by Mr. McAllister.

WILBERFORCE U.C.W.

The Wilberforce U.C.W. met in the home of Mrs. A. Mather on January 14th, with a good attendance in spite of the cold weather.

The president, Mrs. J. Outram, was in the chair and opened the meeting with a fine devotional period, with Mrs. F. Noble reading the Scriptures.

The minutes of the Christmas meeting were read and approved, followed by the treasurer's report, which showed a favourable balance. Roll call was responded to by a Bible verse. Membership dues were paid and new envelopes for 1965 were given out by the treasurer, Mrs. A. Saunders.

Mrs. Outram displayed lovely linens and material purchased for the next bazaar, and some discussion was devoted to new quilts ordered. It was decided to hold the next workshop January 21st. Mrs. Smith graciously again offered the use of her home.

The next meeting is to be at the Manse on February 11th. Mrs. Mather reminded the ladies the Annual Turkey Supper will be held February 17th.

Following the meeting, delicious refreshments were served by the hostess and a social hour enjoyed.

LETTERS to the EDITOR

Syndicat D'Initiative
de
St. Gervais les Bains
Haute Savoie, France,
January 8th, 1965.

Mr. B. Feir, Editor,
Haliburton County Echo,
Haliburton, Ontario.

Dear Mr. Feir:

During my stay in France since early October, I have anxiously awaited the arrival of the Echo each week. When one is so far away from home the news of Haliburton and area is greatly appreciated. I would like to add to the news and give you a small outline of the country and the hockey system here in France and Europe.

St. Gervais les Bains, as I wrote before in a former letter, is high in the French Alpine Mountains bordering Italy on the east and Switzerland on the north-east. It is a very busy tourist resort with many skiers in the winter and sightseers in the summer.

During the winter season nearly all of the sixty-five or more hotels are filled with ardent skiers. Since the town has a population of 4,500, one can see that the tourist industry is the main means of livelihood. There are many ski tows on the surrounding slopes and for a person who doesn't care for skiing there is the covered artificial arena for skaters. The skaters are nearly all novices. They have a great enthusiasm for the sport and the many bruises acquired through learning are laughingly shrugged off.

Our hockey team (which has four Canadian players, two from Val d'Or, Quebec, one from Vancouver, and myself) does not play in a league. We play only exhibition games against other teams in France and neighbouring countries. We have played teams from Innsbruck, Austria; Milan, Italy; Budapest, Hungary; The Hague, Holland; Oslo, Norway and many others. Of course this isn't as interesting as playing in a regular league, but we are always excited at the prospect of seeing and touring the many cities.

The language spoken in each country is a very great hindrance to one who speaks only English. For example, on a tour we took through Europe, the trip organizer was German, our president was French, and our coach was English. You can imagine the difficulties we had communicating with each other.

Money systems was another problem. At the border of each country you must change your money or you run into many embarrassing difficulties. For instance, a French player bought some cakes from a bakery and after he had eaten them, he found that he had none of the money used in that particular country. We changed from French francs to Swiss francs, to Belgium francs, to Dutch guilders, to German marks, to Austrian, and finally to Italian lire. It wasn't hard to become confused.

Before I close I would like to ask anyone if they have friends or relatives stationed at the Canadian Forces Bases at Marville, France, or Baden Baden, Germany. We are scheduled to play there and I would be interested in seeing someone from home. If anyone cares to write, I would be more than happy.

I am following the progress of the arena and I feel proud that we will soon have a modern artificial building. I would like to be at the opening to help celebrate, but I know that will be impossible. I am sorry that we didn't have an artificial ice surface, because a lot of players who are playing in different cities now might have been able to develop more quickly with more ice time when they were younger.

Haliburton has moved a long way ahead this past year and I am sure that with the development of a few ski tows, the area will soon be known as a major summer and winter tourist centre.

I wish you and the staff a belated Happy New Year.

Sincerely,
SCOTT LARUE.

Haliburton Highlanders Win 3 Games

Haliburton 10, Bobcaygeon 9

On Wednesday, January 13th, the Haliburton Juveniles came out on top of a basketball score of 10-9 against a fast skating Bobcaygeon team that showed a good bit of Nichell shine when it came to shooting the puck.

Our boys were impressive in the fact that they had to come from behind to win. Goals were by Stackhouse with three, Hewitt with three, L. Sawyer with two and one each by Cummings and Black.

Haliburton 6, Beaverton 3

On Friday, January 15th, another impressive win as the boys put on their best team display to date, as the third line came through with one goal.

Brian Black, I thought, was the star of the game as he skated hard and came up with two big goals. Other goals went to Cummings with two, and L. Sawyer and Bain with one each.

Haliburton 6, Lindsay 4

On Saturday, January 16th the first home game for the Highlanders was played in the Minden Arena, and the boys put on a fine display as Neill Hewitt showed off to the home fans

with a big effort that netted him two goals and two assists.

Dave Dollo did the goalie's chores in the absence of LaPage, and he made it quite plain who the next Juvenile netminder would be.

You had to give a great deal of credit to Lindsay as they came with only seven players. At the end of the first period it was 2-1 for Lindsay.

Other goals for Haliburton were netted by Ron Cummings with two, Allen Cox and Mike Easton with one each.

The game was ably handled

Haliburton Teams

Win By High Scores

The Haliburton hockey clubs in the Haliburton County Minor Hockey Association are burning up the ice this winter. The Bantams and the Midgets have been consistent winners all year and on Saturday afternoon last the Squirts and the Pee Wees went on a real scoring spree at Wilberforce.

In the first game the Haliburton Squirts won an easy 9-1 decision over the Wilberforce Squirts while the Haliburton Pee Wees won by the score of 11-3.

Mark Schell, who coaches both the Squirt and Pee Wee teams told the Echo this week that Haliburton has never before, ever had so many good players coming along. Support Minor Hockey by attending the games at Minden, West Guilford and Wilberforce.

Rotary Bonspeil

In Fenelon Falls

A rink from the Haliburton Rotary Club skipped by Mervyn Robertson attended the Rotary Bonspeil held in Fenelon Falls last week. Other members of the rink were Ken Wilson, Lester Walling and Ken Langdon.

The rink came home with third prize. They won their first two games and lost the third game. They were awarded third prize with two games and high score.

HOCKEY NOTES

When the Lindsay Juniors played a recent hockey game in Lindsay, two N.H.L. hockey scouts were in the stands.

From all reports, the ice surface on the open air rink at West Guilford is in perfect condition.

The Haliburton Rotary Club met at the United Church on Thursday night last with nine members absent, but four of the absentees made up previously to the meeting.

We were pleased to welcome Bob Herlihey, local High School teacher and member of the Minden Rotary Club.

Once again we were without a speaker and the meeting carried on with business.

Rotarian John Dobbie who has returned home following a recent visit to the United States, reported on his trip and the two Rotary meetings he attended, one in Manhattan, Kansas, and the other at Kenmore, New York. He brought back two banners and presented them to the local club.

Russell Dart gave a very interesting report on the Christmas baskets handed out to needy families. This was in co-operation with the Legion and the Salvation Army.

Ken Wilson gave a report on the Rotary Bonspiel held in Fenelon Falls last Wednesday. Other local Rotarians playing on the rink were Mervyn Robertson, Ken Langdon and Lester Walling.

Secretary Jack Robertson read a letter from the Barrie Club. Once again they are chartering a plane for London, England on May 28th. Any local members who would like to take this trip are asked to get their name in early.

Don Thrush is the new member on the Board of Directors replacing Noel McNeill. After being nominated he was unopposed.

The Board of Directors held a meeting following the Thursday night luncheon and meeting.

New Office Building

(Continued from Page One)

For the past several years the building has been unoccupied and became very rundown. Last summer Mr. Lawrence Pritchard, and his son Douglas, acquired the property and arrangements were made with Mr. Donald J. Finn for the purchase of the land and the building, the latter to be renovated by Pritchard's Electric and made suitable for office space.

Lawrence Pritchard, former Reeve of the Municipalities of Anson, Hindon and Minden, was very impressed by the soundness of the old church building, and during the renovations the original windows which were still intact were taken out and replaced by windows of a rectangular shape. Mr. Pritchard has stated that "the frame of the old building is solid, the studding is 2 x 8 pine which is morticed top and bottom into the sills. There are no nails in the wood at all." The former Reeve also stated that there are not many buildings being built to-day as strong as this building.

The Church building was sold in 1925 to William Schofield, the Grants being the Trustees of the Minden Methodist Church, who were Lewis L. Best, Stuart S. Taylor, Thomas C. Prentice, Edgar A. Rogers and Henry Graham.

The front portion of the office will be occupied by Mr. Finn and his staff, and the rear portion will be occupied by L. Allen Wetmore Limited, an insurance adjusting firm from Lindsay. Both offices have separate entrances and Mr. Edward C. Dodds, of Cobocok, is in charge of the insurance adjusting firm and Mrs. Joan Aikie is his Secretary.

In the Spring, parking lot facilities are planned for the side of the building.

Portions of Mr. Finn's offices have been furnished with antique pine benches, cupboards and Captain's chairs. Mr. Angus Coulter of Minden has restored a number of these articles.

Mr. Finn's wife, Carole, is preparing several sketches of interesting Haliburton scenes, which will prove of great interest to those residing in the area and to those who come to the County, either as visitors or as summer residents.

In contemplating the erection of a completely new building, or the renovation of the existing building, Mr. Finn felt that property with such history should not be torn down and replaced by a cement-block structure, but should be kept as part of the Community's history. He is very pleased to be able to show to any interested visitors, the original hewn beams in the basement, and points with pride to the 14' walls throughout.

Mrs. M. N. Brooks, who has been Mr. Finn's Secretary since he first came to Minden, views the improved amenities with much pleasure, and feels that clients and visitors alike will greatly appreciate the facilities which are now available to them. Miss Tanya Hewitt, who is employed at the Law Office during school holidays and week-ends, is also happy with the extra space provided by the new offices.

The Echo wishes to congratulate Mr. Donald J. Finn on his new move. It is encouraging to witness the growth of any business in the County as this indicates that the area is in a progressive and healthy position.
